WHAT WE STAND FOR

CLASS & SAFETY

Set sail in paradise, discover or re-discover world-class destinations onboard our superb vessels. Your safety is our responsibility. We pay the most attention to making sure of your comfort throughout your cruise and water activities. Our vessels are newly built with premium materials and fitted with the latest navigation, safety and scuba diving equipment. The diving groups are small to make the most of your experience underwater.

EXPERIENCE

Our teams are made of very experienced crew members and cruise directors. They are ready to customise their services to our guests onboard, on land and underwater to make sure you will have the most memorable experience during your cruise.

SERVICE & COMFORT

Your enjoyment is our commitment. Enjoy tailored and customised services onboard Pearl Fleet's world-class vessels. Enjoy spacious common areas, comfortable amenities and beautiful design onboard our fleet.

More than just diving and cruising:
Your gateway to Paradise

Palau

Located as an archipelago of over 500 islands, Palau is home to exhilarating and thrilling diving experience with its diverse underwater life. Pelagic fish, colourful walls, impressive drop offs and wrecks will please a lot of divers.

Home to one the of the very rare Jellyfish Lakes in the world, Palau boasts a stunning view on the topside as well, with picturesque rock islands and spectacular sunsets.

Highest marine diversity in Micronesia

1300 species of fish, 350 hard coral species
and 250 soft coral species

Indonesia

Located in the heart of the coral triangle and crossed by one of the most nutrient-rich water flows, Indonesia has it all!

A diving liveaboard in Indonesia is a unique and truly magical adventure that will appeal to all divers, from macro lovers, to fans of big pelagic fish as well as divers looking for the most healthy and colourful coral gardens.

Our routes are designed to follow the best seasons in the various diving areas of this huge archipelago also known for being a world champion of biodiversity under and above the water.

Highest marine diversity on Earth

3000 marine species and more than 75% of all the coral species.

Komodo – From 8 to 11 Days

This cruise in Komodo is a unique opportunity to explore beyond the famous North and Central areas of Komodo National Park.

This itinerary will give divers a little extra time to fully explore the best sites each location has to offer.

In addition, this 9-night cruise will give divers the chance to visit and dive Gili Banta and Sangeang Volcano, a breathtaking active volcanic area located in the North West of the Komodo National Park.

Divers will be in for a real treat; watch the eruptions, dive with bubbles in warm hot springs, meet the local villagers and finish the day with one of the most spectacular night dives for macro life.

What Divers Can Expect To See

Manta Rays, Reef Sharks, Turtles, Octopus, Healthy Soft and Hard Corals, Many Species of Schooling Fish, Macro Life: Ladybug Amphipods, Nudibranchs, Frogfish, Leaf Scorpionfish, Pygmy Seahorses, Land Excursions: Komodo Dragons, Pink Beach, Bonto Village next to Sangeang Volcano, Padar Viewpoint and other beaches during sunset.

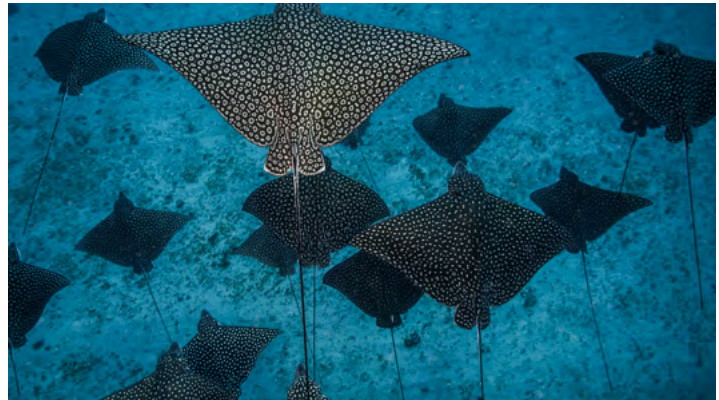

Raja Ampat - From 8 to 11 Days

Known as “The Last Paradise” on Earth, Raja Ampat is known as the most diversified place in terms of fish species and coral species. More than 1,700 species and more than 500 species of corals have been encountered in the area.

On this 7-night Raja Ampat cruise, the yacht will explore the most famous areas and some iconic dive spots through Central Raja Ampat and Misool. Divers can expect to see a vast amount of marine life, from the smallest of critters and colorful fishes among the corals, to giant oceanic mantas in the blue. This cruise will leave divers truly amazed by a unique place which has become a global hotspot for avid scuba divers.

What Divers Can Expect To See

1,700 Species of Fish and 75% of the Coral Species, Reef sharks, Oceanic Mantas, Reef Mantas, Eagle Rays, Mobulas, Wobbegong shark, Raja Epaulette, Schooling Fishes: Barracudas, Sweetlips, Jacks, An incredible range of Critters and Tiny Fish: Pygmy Seahorses, Blue Ring Octopus.

Triton Bay and Raja (12 days/ 11 Nights)

Hidden paradise for several years, Triton Bay is now on the bucket list of all marine life and coral lovers. This area shelters some exceptional dive sites holding the world record of number of species counted in one single dive.

The boat will cruise along the most magical islands of Raja Ampat and Triton Bay. This unique experience should please all kinds of divers with various expectations: spot incredible critters such as the smallest pygmy seahorse or enjoy a ballet of oceanic mantas or whale sharks. On top of amazing diving, the passengers will remember unique scenery on land and will have the chance to see beautiful waterfalls or breathtaking viewpoints.

What Divers Can Expect To See

Reef and Pelagic Sharks, Tunas, Manta Rays, Eagle Rays, Stingrays, Whale Shark, Wobbegong Shark, Walking Shark, Endemic critters and fish from Raja Ampat and Triton Bay, Stunning Soft and Hard Coral Gardens, Land excursions to breathtaking viewpoints and waterfalls.

Banda Sea and Ring of Fire - From 8 to 13 days

This extraordinary liveaboard adventure is a unique cruising and diving experience along the Ring of Fire - named because of the stretch of volcanoes the yacht will pass during the cruise. From the Forgotten Islands to the Banda Islands, divers will cruise through breath-taking landscapes, majestic volcanoes, and many chances to experience unforgettable sunrises and sunsets on the horizon.

This itinerary also passes through the mating point for hundreds of Hammerheads Sharks. Divers will explore giant walls and drop-offs, covered in stunning corals and giant barrel sponges. Pelagic fish, schooling fish and small critters are part of the diversity of marine life during this unforgettable cruise.

What Divers Can Expect To See

Hammerhead Sharks, Reef Sharks, Tunas, Rainbow Runners, Mackerels, Sea Snakes, Turtles, Octopus, Dugong, Rays, Whales and Dolphins while cruising, Stunning Soft and Hard Coral Gardens, Schooling Reef Fish and Diverse Critters.

Alor - 9 days/ 8 Nights

Alor is on the radar of many avid divers. This 8-night cruise offers the opportunity to explore the area and its incredible dive sites.

Divers will discover untouched reefs that have been preserved by the local population for centuries. Cruise between breath-taking islands and enjoy world-class diving, experiencing drifts over colorful and blooming corals, passing by schooling fish patrolling all around. It is also home to the most wonderful critters.

What Divers Can Expect To See

*Eagle Rays, Thresher Sharks, Reef Sharks,
Hammerhead Sharks, Rhinopias, Stargazers, Pygmy
Seahorses, Zebra Crabs,
Huge Barrel Sponges, Schooling Fish.*

OUR SPECIAL TRIPS

Biodiversity “Best of Indonesia” from Sorong to Maumere 15 days.

A unique liveaboard adventure!

Our “Best of Indonesia” cruise brings divers on a ride through the diversity of this country in this extravagant cruise from the North to the South East of Indonesia.

With possible sightings of more than 1,800 fish species and 80% of all the coral species known, this cruise will cross the most renowned diving destinations from Raja Ampat to Flores.

This cruise presents divers with an opportunity to encounter a vast variation of small critters, pelagic or an impressive quantity and diversity of reef fishes. During the cruise, the divers will get to appreciate the constantly changing landscape accompanied by beautiful sunrises and sunsets in the middle of the remote Banda Sea.

Raja Ampat – Halmahera – Lembeh
12 days

This unique itinerary is an opportunity to combine in one single trip two of the most famous places for scuba diving. Lembeh, for its unique critters and Raja Ampat, known as the most biodiversified underwater place on earth.

The yacht will cruise along the remote islands of the Halmahera sea, which are only reachable by liveaboards. It is a diving experience out of the crowd!

Divers and nature lovers will appreciate the diversity of diving and species encountered during the trip. Critters, Pelagic, schooling fish, soft corals and hard corals are among the beauty of this trip.

See you onboard our fleet!
